Price Category	\$1 - \$35
Tasting Awards	2011 TEQUILA.net Awards - "Best of the Best" Best Highland Blanco Tequila

CRUZ del Sol Tequila Silver

CRUZ Tequila is produced in the highlands of Jalisco, Mexico. This area is renowned for being the best growing region for the blue agave. The rich red soil, ambient temperature and consistent annual rainfall ensure our hand selected agave is the very best.

CRUZ Tequila is an all natural, hand-selected, 100% blue agave tequila. We adhere to the highest production standards. The agave is baked in traditional hornos (ovens) and slowly fermented. By using our proprietary filtering and distillation process, all impurities are removed which produces a smooth, unique flavor, suitable for sipping or the foundation for your favorite cocktail.
